RECEIVED  
OCT 10 2013  
PUBLIC SERVICE  
COMMISSION

ATTEN: Mr. Jess Derouen

Re: Case #2013-00332

I am opposed to the petition AmeriGas has before your commission to discontinue the community underground propane service to the Old Bridge development in Danville, KY.

I recently built my house and spent over \$600 having AmeriGas/Bright's Propane install an underground line to my house. We heat with propane, cook with propane and have a propane hot water system. At no time was I cautioned to not install an underground service to my house. This proposal by AmeriGas is not fair to the residents of Old Bridge and should not be approved.

Our propane service and rates should continue to be governed by the PUC and not be given over to the commercial entity providing propane service.

Thank you for your time and consideration of the situation.

Sincerely,

Robert H. Tharp
